

PFC Mobile Performance Unit

Performance Food Centers, innovators of Juice Bar technology and the delivery of Whole-Food Smoothies has created a Mobile Juice Bar Cart that is revolutionizing the Juice Bar industry.

With No Exception, this Mobile Performance Unit (MPU) is our signature Cart and the MOST State-Of-The-Art Food and Beverage Cart in existence today; bar none.

Constructed from Stainless Steel and designed to fit through any standard 36" door opening, this unit can be easily moved indoors or out. Since it is Stainless Steel, it can withstand extreme conditions with the weather and be locked so that it can be left in one place.

Our MPU puts you in business fast. We've left nothing out, everything you need to start or enhance a juice bar business. Call today and start making the healthiest Smoothies tomorrow; well actually, we will need about 6 weeks to custom build one for you.

PFC MPU Four Compartment Sink

Every situation is unique, we realize that. So, you may already have sinks on the premises. If so, great, but if not, PFC has the answer for you.

One thing is for sure - to be compliant to most Health Department codes; you will need a three compartment sink and a hand sink within a close proximity of your Cart. This Sink Cart will get the job done and it will do it well.

Our sink cart is NSF approved, self-contained and easy to operate. Each comes with it's own hot and cold water supply and can be re-filled with any standard faucet. They are perfect for situations that require a temporary solution, for shared usage, or for locations where built-in plumbing just isn't an option. PFC provides a basic hand, utensil and blender jar washing solution for all sorts of purposes (both indoor and outdoor) and is compact enough to fit almost anywhere without getting in the way.

MPU Four Compartment Sink Features

- NSF Compliant
- Stainless Steel Construction
- Hot and Cold Running Water
- 5 Gallon Water Tank
- Plugs into a Standard Wall Outlet
- Easily Removable Waste Tank

All of this for: **\$2,297.00**
